Transforming How Enterprises Assess, Design & Operate Next-Gen Business Operations

White-Label Intelligence Platform for GTM, Deal Teams, Solution Architects & Delivery Leaders

GTM & Sellers | **Large Deal Teams** | **Solution Architects** | **Delivery Leaders**

CONFIDENTIAL

One Platform. Four Powerful Use Cases.

Accelerating next-generation Business Operations opportunities across Finance, Procurement & HR

01 GTM & SELLERS

Client Zero Story Engine

Bring the NextGen BO story to life for prospects. Use proven transformation benchmarks and Client Zero case study outcomes to shape compelling $50M+ opportunities across 3 key domains.

02 LARGE DEAL TEAMS

60-Question Maturity Harvester

Rapid multi-stakeholder assessment across Finance, Procurement & HR. Built from years of successful client engagements. Outputs a scored maturity profile instantly with prioritised gap analysis.

03 STRATEGIC & DELIVERY TEAMS

Intelligent Transformation Roadmap

AI-generated domain roadmaps aligned to client maturity and Client Zero benchmarks. Horizon-based initiative library with value mapping, Gantt timelines and ROI projections.

04 SOLUTION ARCHITECTS

Business Case Modelling Engine

Model automation, onshore/nearshore BO and hybrid scenarios at transaction level. Built on industry benchmarks. Compare 5 scenarios instantly — outputs exec-ready cost and savings analysis.

Accelerated Maturity Assessment

Beta client assessment — Finance domain deep dive
